

Lest We Forget

A Perspective Concerning Our New President

IT'S A HONEYMOON

Donald Trump is the 45th President of the United States.

To many, he is the one able to turn our country around. Like all campaigns, it was filled with many promises. Unlike many after the inauguration, day 1, day 2, day 3, and so forth were filled with aggressively and publicly bringing his campaign promises to life...and the people cheered, his approval rating shoots to 59%, the stock market roars, and a sense that we may be on the right track fills the air. Of course there is always the opposite side that wants something completely different and makes their whirlwind voices heard, but the marriage between President and nation moves forward with great impact.

However, we must keep in mind that a new marriage strikes the right chords in the beginning...and then when the honeymoon is over, real life begins. I expect nothing less here, especially after the first 100 days when his administration's policies begin to unfold; then we will see many big and fluid changes. It is then we will begin to witness the consequences or rewards of the policies he has put into place. It is then that the real Trump will be seen.

EYES WIDE OPEN

Regardless of all the economic and political changes that will take place, our eyes must be wide open to where these changes are leading us. It is very easy to jump on the political bandwagon of patriotism, America First, no more radicals, etc., but we must be careful that these do not keep us blind to the real objectives that every President have moved us toward, whether consciously or unconsciously, and they are: 1) a realignment of all nations into ten economic regions, known as the New World Order. This New World Order will permit us to maintain our national identity while we are under the governance of an economic leadership in the name of economics. 2) One of two things will happen to America's economy...it will either get better or get worse. No matter which way the tide turns, we will still be directed toward a cashless society to compete in a cashless world. This will be tied to the realignment of all nations. The one cannot happen without the other. I expect Trump to use language that makes going cashless in America and globally a great economic benefit to us, making the change a welcome embrace. Who better to encourage us to accept this cashless economy than a President who is a successful billionaire businessman? We will need to watch to see if the President moves us toward the New World Order in the name of the economy, world trade, and prosperity. 3) Christians will continue to lose their rights in the name of unity among the various faiths. Christians will be tolerated and gain freedom as long as they go along with the program encouraged for all faiths. This is what the Emperor Constantine did and it destroyed the churches power. We must keep in mind that Trump is not a true Christian. He doesn't have a Christian worldview. His focus will be more on all religions sharing and getting along on what they agree upon and move past what divides them. We have already been given a glimpse of his equality of all faiths during his inaugural prayer service. The list included participants from the Catholic,

Greek Orthodox, Jewish, Mormon, Muslim, Sikh, Buddhist, Bahá'í faiths, with the service opened with a Navajo blessing. Of course we all don't pray to or serve the same God.

We also must be aware of the smokescreen issues dangled before us to keep us busy putting our effort into fighting battles instead of the war. The war moves us toward the realignment of all nations, a cashless economic system, and the compromise and persecution of Christians. The battles are those that capture our emotions such as between the Democrats and Republicans, conservatives and liberals, gun control, abortion, gay rights, etc. If the reason for the war is not fought, we will continue to lose the battles. If the war is hindered, the battles will be greatly hindered. Think of the war as a dam with a hole in it pouring out water upon the people below. To stop the influx of water, the dam must be plugged, otherwise the water below will continue and our efforts will focus on the continual flow.

We must be on the watch for how the real issues will be dealt with. We must be on the watch for how the President's twists and turns of policy will continue to lead us in the direction we have moved toward since President George Washington was inaugurated...and in what direction are we headed?

LEST WE FORGET

According to *The Prophetic Timeline*, which may be downloaded at AgeofAntichrist.com, we have headed toward the Age of the Antichrist since around 608bc when Babylon was in power with Nebuchadnezzar as its king. The issues we identified in the last section—New World Order, cashless society, and the persecution of God's people—are three of the main objectives of the Antichrist. The instruments for accomplishing these objectives are the nations. The nations that will dominate world affairs and fulfill these objectives are identified in Daniel 2 as:

Babylon	Head
Medes-Persians	Shoulders/Arms
Grecian	Torso/Thighs
Roman	Legs of Iron
New World Order	Ten Toes

These nations are gentile nations, not of God. They also are represented as the body of the Devil on earth and are the instrument from which the Devil will have complete physical rule on the earth through the one called the Antichrist. Daniel 2's nations reveal that the body is almost complete. The only empire left to complete the body is the realignment of all nations into ten economic regions. When this body is complete, the Devil will rule in full power through the one we call the Antichrist.

In Daniel 2, this body of nations does not yet have a mouth, feet, or flesh. This is where Daniel 7 steps in to reveal four other nations which rise up out of the Divided Roman Empire. These are identified as follows:

NATION	ANIMAL SYMBOL	BODY MEMBER
Great Britain/United States	Lion with Eagle Wings	Mouth/Voice
Russia	Bear	Feet
Islam	Leopard	Body/Flesh
New World Order	4 th Terrible Beast	Composite of all Empires

The mouth, feet, and body are identified as such in Revelation 13:2. This seven headed beast is shown with the feet of a bear, mouth of a lion, and the body of a leopard, the same animals listed in Daniel 7. What this shows is that the seven empires/heads are raised up to lay the foundation for the rise of the last empire, the ten toed/fourth beast/New World Order from which the Antichrist will come. The purpose of these empires is two-fold: to blaspheme God and to persecute and destroy God's people, as recorded in Revelation 13:1.

THEREFORE...

Since the New World Order Age of the Antichrist has been moving along virtually unhindered for over 2500 years, we would be deceived to think the unchristian Donald Trump is going to bring a pause to it all at this moment in history...we are way too close to the Age of the Antichrist and the realignment of all nations for that to happen.

According to *The Prophetic Timeline*, we are currently at the end of the last days when the next and last empire to rise up will be the composite beast of Revelation 13, which is the ten toed New World Order. Instead of allowing all the fanfare over Trump and the talking heads on radio and television to shape our views, we must step outside the circle of sleep they are keeping us in and see it from the perspective the world is headed as given in *The Prophetic Timeline*.

AS I SEE IT

The current President is no different than any other President we have had. Many of his policies, whether he is conscious or unconscious of where they are leading us, will set the pieces in place for the arrival of the Antichrist. As we saw in Revelation 13, America, along with Great Britain, is the mouth piece of the Devil's body on earth. If Trump is truly a defector from the traditional political machine, most likely he will be assassinated. On the other hand, if he is a willing player in the global scheme of things, his Presidency will be earmarked with much trouble, but he will continue to be with us for the next four or eight years. As the mouth piece America, with Great Britain, sets the agenda for the world. We are to watch the policies coming out of the mouth, realizing that many of them will be to appease us to keep us in slumber while America and the world are lead toward...

...the realignment of all nations into a 10 region economic New World Order

...the establishing of a cashless society/world

...silencing and elimination of true Christians

No matter who the President has been—Democrat or Republican—our Christian freedoms continue to be taken from us, movement toward the cashless economy continues its momentum, and the desire for and advancement toward a New World Order continues to gain steam.

OVERALL

In the long short term, it's hard to see American prosperity, peace, or even America being great again. I do expect the Trump years to be filled with both holy and demonic hell as we move through the next four years.

In the meantime, pray that the new administration might lead us into the way of peace and godliness:

“I exhort therefore, that, first of all, supplications, prayers, intercessions, and giving of thanks, be made for all men; ²For kings, and for all that are in authority; that we may lead a quiet and peaceable life in all godliness and honesty. ³For this is good and acceptable in the sight of God our Savior; ⁴Who will have all men to be saved, and to come to the knowledge of the truth. ⁵For there is one God, and one mediator between God and men, the man Christ Jesus; ⁶Who gave himself a ransom for all, to be testified in due time.” (1 Timothy 2:1-6)
